

SHORT OVERVIEW

ABOUT US

We are IDENTA, a medium-sized ISO-certified full-service manufacturer for modern ID card solutions. More than 3500 companies in Europe trust in our expertise and quality.

Our portfolio includes multifunctional chip cards, MasterCard credit cards and RFID media such as key fobs with transponders. A web-based card management system, the Web2Print ordering platform, the IDENTA shops for ID card accessories and for Benzing guard control products, as well as suitable desktop card printers are also available to customers.

IDENTA AUSWEISSYSTEME GMBH

Today, more than 100 people work for IDENTA, whose heart beats for ID cards and for whom optimum service and high product quality are a matter of course.

At the production site in Villingen-Schwenningen, we produce, personalise, and encode complex transponder and chip cards as well as RFID media under high-security conditions. We have modern, state-of-the-art production lines that fulfil the highest technical requirements.

It is important for us to continuously develop our products. In doing so, we take responsibility for a resource-saving, secure future for us all.

SHORT OVERVIEW

IN BRIEF

IDENTA

IDENTA AUSWEISSYSTEME GMBH

IDENTA Ausweissysteme GmbH was founded in 1967. The company's headquarters in Villingen-Schwenningen is home of sales and administration as well as the production facilities with its own lettershop. In 2019, the business unit, BENZING Wächterkontrolle was integrated into IDENTA Ausweissysteme GmbH.

Our Swiss customers are looked after in the Swiss branch, the IDENTA AG, based in Uster Switzerland.
